MOBILE TELESCOPIC LIGHTING

Model				
Power	75W/150W	55W	30W/100W	575W
Controller	Wired/ Wireless			
Light source	Spotlight/Floodlight/Alternating light			

ROTATIONAL STATION

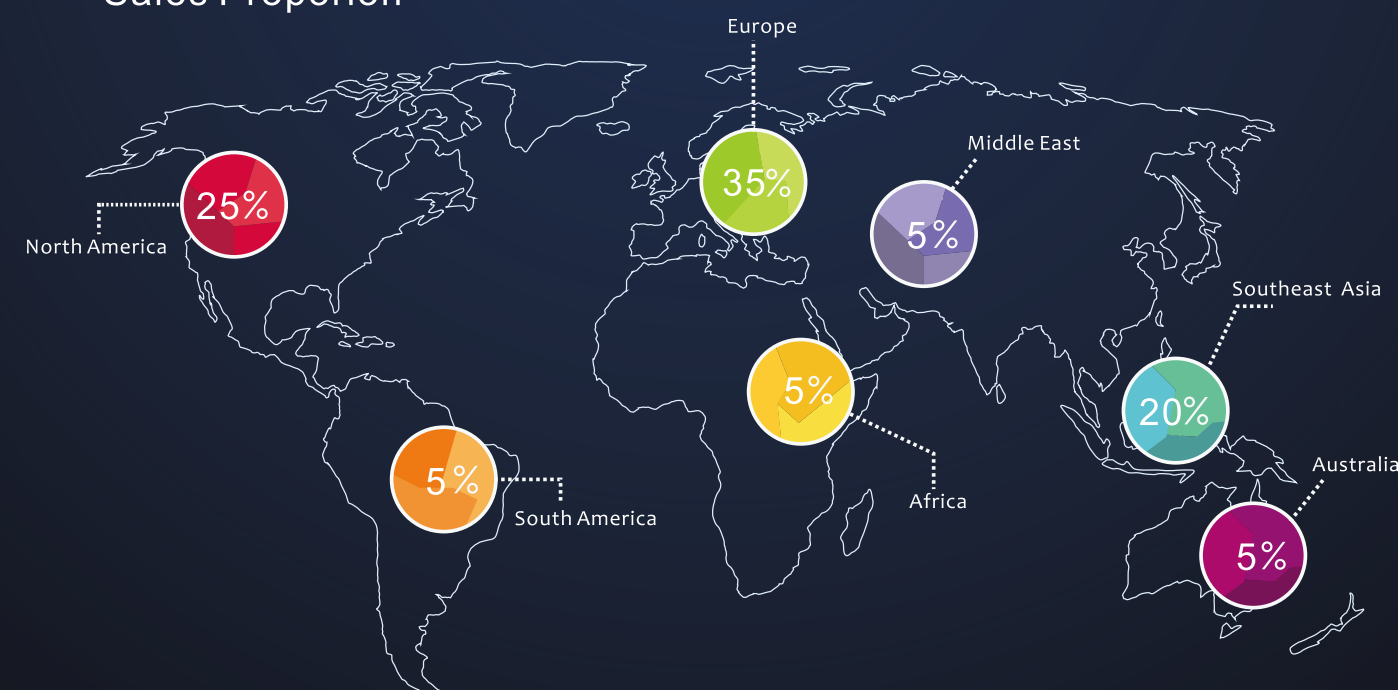

Model	Rated Voltage (V)	Loading ability	Horizontal torque	Vertical torque	Horizontal rotation	Vertical rotation	Additional remarks
YT3	DC12V/24V	35	500	400	365°	180°/360°	It is powerful torque and can carry head lamp of 4-6.

About Us

Our company is located in wenzhou city which is about 500kms far from shanghai. With more than 30 years experience in safety equipment industry , we are a dynamic and highly professional manufacturer of electronic lighting and signal products for emergency, safety, maintenance, utility and public transportation vehicles . Our products range includes lightbars , beacons, sirens and police equipment series. There are more than 100 employees and possesses powerful R&D and manufacturing capabilities. With superior product quality, thorough quality assurance system and rapid sales, more than 100 sales networks and supporting relationships with over 20 automobile factories around China have been built. As an aggressive team, we also have distributed our products to Europe, USA, Middle East and Africa. Based on our rich experiences, our expertise will continue to be provided to the public sector and the private enterprise at home and abroad with a whole set of technical support, project design, installation and after-sales service. We always keep creating new products and improving existing products and processes. Customer's satisfaction is our priority. We will be your No.1 source for the warning signal product.
