Adam Electronic Technology Co.,Ltd

- D-sub Connector
- SCSI Connector
- Circular Connector
- Board To Board Connector
- Video Connector
- Servo Motor Cable
- Industrial Robot Cable
- Industrial Camera Cable
- Communication Cable

Global Industrial Connector & Cable Manufacturer

Military Grade Standards

More reliable connection for the best performance of your product

Adam Electronics Technology Co.,Ltd, founded in 2004, with its headquarters in Dongguan, China, and ranks among the world's leading suppliers of industrial connectors & cables. Core competencies are development, production and sale of industrial connectors & cables. The company is one of the market leader in China. ADAMICU employs about 600 people . In 2016, sales totaled 1 million dollars.

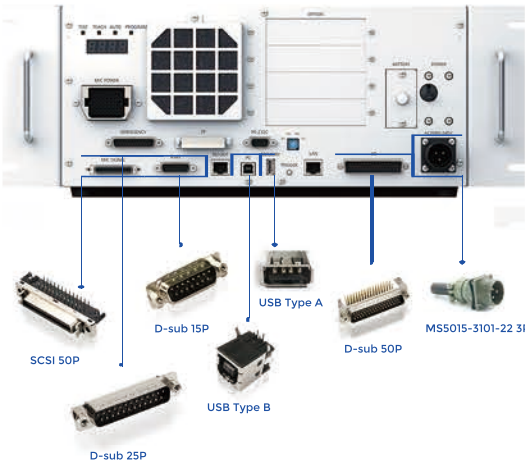

ADAMICU offers a broad range of industrial connectors & cables which include high density, machined, high current, combo, waterproof d-sub connectors, circular connector, SCSI connector, board to board connector, and various cables, such as servo motor cable, industrial robot cable, industrial camera cable, communication cable which are widely used in the industrial field.

Our products adopted eco-friendly materials, and achieved ISO 9001, UL, CE, SGS and other certifications, sold worldwide and the major markets in Europe, America, Asia, high praised by our cooperated members which include Amphenol, FCI, Panasonic. The future is being built today, and Adamtech is making that future more productive, more secure and more sustainable. Connect the world, connect the future.

COMPANY CULTURE

Our Vision

To build ADAMICU world famous brand

Our Business Philosophy

ADAMICU focus on the manufacturing of industrial connectors & cables for more than 10 years .Our products show the reliability & high connectivity under the harsh environment. Our approach is service- and solution-oriented. Our continuous R&D is the basis for the consistent high quality and reliability of our technology. Not to mention the expertise of our employees, oriented to the growing challenges of our customers and their applications. When it comes to reliable electrical connector technology that's able to handle various types of stress while delivering top performance—we're the partner you can turn to. We consistently turn this philosophy into reality through our product strategy

Our Mission

Provide more reliable and stable industrial connectivity solutions, gain a reputation and extend the reliability of connectors into the global in industrial connectivity area

Our Goal

ADAMICU focus on industrial connectivity development and manufacturing, constantly improve the automated production facilities, the development of high-tech products, the industry has become influential company. Provide first-class product and service to help customers create higher values

2004

- ShengFeng electronic Founded
- the main products USB series connectors

2009

- Renamed Adam Technology
- Become a general taxpayer
- Increase the production of D-sub series

2010

- Started to promote overseas markets
- Increase the production of DVI, SCSI, board-to-board products

2013

- Registered ADAMICU brand
- Development to industrial connectors

2015

- Cable Division was established
- Increase the production of industrial cable, circular Connector

2017

- Set up Thailand business department
- Jiangsu Office was established
- Heyuan Factory was established

Today

- Fully open the industrial connection market

WHY ADAMICU

01

More than 10 years experience of industrial connectors&cables manufacturing

02

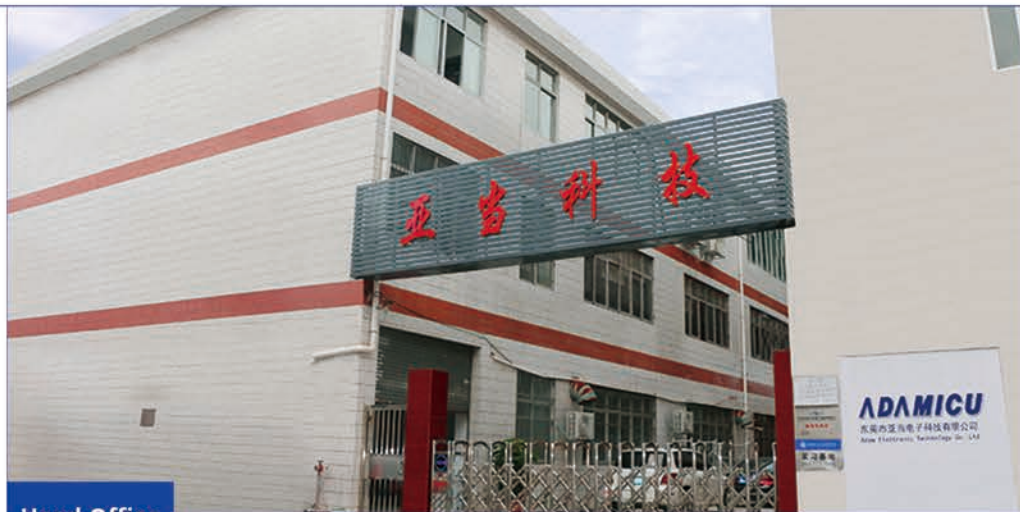

ADAMICU is the industrial connectors & cables innovation leader,keep ahead of competition

03

ADAMICU offers flexibility with standard designs

04

Various products to meet customer needs

Head Office

Cable Production Line

Connector Production Line

ADAMICU STRENGTH

01

With an experienced R & D team, with deep research and development of energy and innovative technology, to lead the customer to create value, and build new trend

02

Strict control of quality and precision cost control, providing the best competitive products to customers

03

Dedicated customer service team to solve customer problems as quick as possible

04

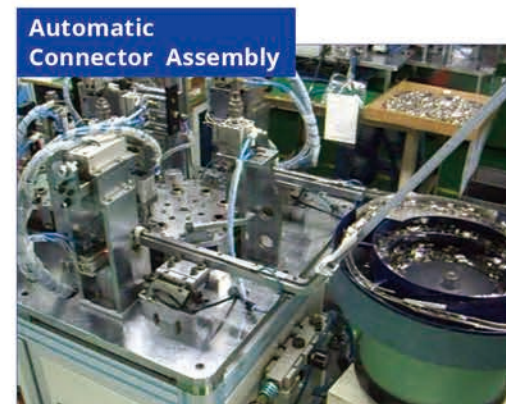

With years of accumulated expertise in the electronics industry and experienced R & D team to provide the fastest customized products

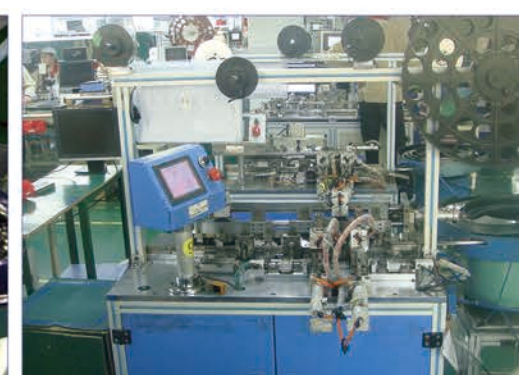

Our Team

Automatic Connector Assembly

Automatic Connector Assembly

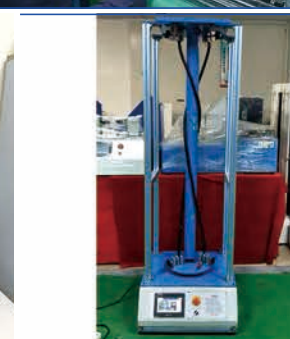

Laboratory

We set up a integrated quality assurance system to guarantee the quality

- ◆ Incoming quality control(IQC)
- ◆ In-process quality control(IPQC)
- ◆ Outgoing quality assurance(OQA)

Broad Range Of Testing Equipment

- Tool microscope
- Hardness tester
- Salt spray tester
- Wetting balance tester
- Cable bending tester
- Electronic bursting strength tester
- Constant temperature and humidity equipment
- X-ray fluorescence spectrometer
- X-ray plating thickness tester
- X-ray inspection machine
- Signal generator
- Network analyzer
- Time domain reflector
- Auto-mating&unmating force tester
- LCR meter
- DC resistance meter
- Withstand voltage tester
- Intermittent cable tester
- Temperature tester
- 2.5 Dimension inspection machine

ADAMICU SERVES CLIENTS

EPSON

ADAYO
